

# Paul Douglas

## **President of Easton Development**

With more than 20 years of real estate development experience throughout Florida and beyond, Mr. Douglas oversees all development activities at The Easton Group. Previously, he spent more than 15 years as Owner and President of Douglas Development Group, offering relationship-based real estate development and consulting services to domestic and international firms, developing more than one million square feet of office and warehouse space. Prior to that, he spent two years as President of Easton-Babcock Development, a former Easton company, where he worked on the 4.3 million square foot, award-winning International Corporate Park, and five years as Vice President of The Codina Group, supervising all aspects of the development of Beacon Centre, a 2.5 million square foot business and industrial park in South Florida. Mr. Douglas received his B.A. from The University of Florida.
